### Points to Make (in your own words):

- Supports families, helps moms and kids out of poverty, build the economic power of women
- Women should be full citizens of the US
- The 14<sup>th</sup> Amendment does not provide strict scrutiny in sex discrimination cases
- Laws we thought would protect or include women have not consistently been enforced
- Our daughters, wives, sisters, mothers, partners deserve equality of rights
- Make NC the 38<sup>th</sup> state and make history
