

**ERA-NC Alliance extends a warm welcome
to our 2019 keynote speaker!**

Kati Hornung

Kati Hornung is Campaign Coordinator for the state-wide, nonpartisan, grassroots VAratifyERA campaign to ensure Virginia is the 38th state to ratify the Equal Rights Amendment. Her passion on the topic stems from her own life's experiences and the interest of her two daughters in achieving constitutional equality.

As a campaign manager she leverages her professional background (accounting/finance, software coding, and consulting), her relationships with a wide variety of Virginians, and a deeper understanding of historical context gained while homeschooling her daughters.

We are so pleased that Kati is joining us and look forward to her sharing her experiences with us!
